

Dear cousins,

In doing research on our patriot, John Hart, who signed the Declaration of Independence which allows us to join the Society of the Descendants of the Signers of the Declaration of Independence (DSDI) I have learned these facts.

There were only 56 signers, 14 left no living descendants and only 15 have living male descendants today.

Since its beginning there have only been only 3594 inductee's (I am number 3574) and there are only 1229 active members today.

This is a very elite group to belong to.

The cost of adult membership is \$90.00 and \$45.00 for junior members (under 18). Dues are \$45.00 per year and the year runs from June to May.
